

A History of Aboriginal Health Workers & Aboriginal Community Workers NT 1870 - 2007

A timeline by Kathy Abbott and Rosie Elliott For the Central Australian & Barkly Aboriginal Health Worker Association

"We need to remember and understand our past in order to strengthen our lives and promote our healing. I hope people will find fond memories and laughter as they tell their stories and walk their talk along this line of time. These events are according to the memories of my friends and I." Kathy Abbott
